'customer reviews blues blues bass play along

February 14th, 2020 - the mix on the audio cd is awful you can t hear the bass for crap and even changing the balance so you re only getting the left side has so much other band in it the bass is difficult to pick up i m really disappointed one thing you expect from a bass play along product is the bass isolated on one channel so you can pick out the bass syncopation this product gets two thumbs down for that''hal Leonard Blues Guitar Play Along Volume 38 Book With Cd
