June 6th, 2020 - the history of social work the earliest origins of social work dating back to the middle ages were in church based ministering to the poor which evolved into the philanthropic and social justice movements of the 19th century today social workers are still connected to these originating tenets of passion fairness and munity progress'

**' a study of the history of ideas in social work a**  
April 22nd, 2020 - it is argued that a description and analysis of the background of the history of ideas in social work must be anchored in the development of the social sciences the theoretical framework is generated from two variables that play a central role in the development of ideas in the social sciences the interplay between theory and practice as well as the nature of social problems are central themes for classical authors'

---

'what is the history of the social work profession  
June 7th, 2020 - as a profession social work officially  
originated in the 19th century as a movement primarily  
experienced within the united states and united kingdom  
after the demise of feudalism those in poverty were seen as  
a direct threat to the social order so the government  
formed the poor law and created an anized system to provide  
care to them'
